

Update for the City of Corinth

April 2015

Construction

- Work widening the southbound I-35E shoulder between Post Oak Drive and Loop 288 will begin in April. Concrete barrier will be placed outside the mainlanes to perform this work.
- Work on the new interstate bridge over Corinth Parkway will continue through April with the construction of columns and caps.
- Work on the new southbound frontage road that will travel over Turbeville Road is scheduled to begin in late April.
- Work on the columns and caps for the Lewisville Lake bridge will start on the water in April. Beam placement will continue through the month as well as pouring the concrete deck of the new bridge.
- In mid-April, a barge will be launched onto the eastern shore of Lewisville Lake south of Highland Village Road to begin work on drill shafts.

Upcoming Lane Closures

- With work beginning on the frontage road bridge that will eventually travel over Turbeville Road, the following closures will be in place:
 - The southbound I-35E entrance ramp south of Turbeville Road (near Lake Hill Drive) will be closed until April 18. During this closure, the ramp will be temporarily converted to an exit ramp. The ramp will be in this configuration for approximately six months.
 - After the opening of the newly converted ramp near Lake Hill Drive, southbound exit ramp 457 will close for approximately one week while it is converted to a temporary entrance ramp.
 - Once the temporary southbound entrance ramp north of Turbeville Road is opened the following will take place:
 - The southbound frontage road between the North Denton/Lake Dallas Drive bridge and Turbeville Road will be temporarily closed.
 - The Chili's access road will be opened.
 - The North Denton Drive/Lake Dallas bridge will be converted to one way, eastbound traffic only.

- The connector road (or “jug handle”) between Turbeville Road and the southbound I-35E frontage road will be opened.
- The frontage road between Oak Drive and Hickory Creek Road (on the west side of I-35E) will be converted to a two-way. This configuration is expected to last until mid-2017.

- The southbound frontage road between Highland Village Road and Garden Ridge Boulevard will be shifted slightly westward in mid-April.
- Northbound I-35E traffic near Garden Ridge Boulevard will be shifted west in April to allow work on the columns adjacent to the DCTA rail line.
- There will be various nighttime closures of the north and southbound mainlanes at Garden Ridge Boulevard in May for the placement of beams for the new southern half of the Garden Ridge Boulevard bridge.
