

Corinth

September 2016

Construction

- The US 77 bridge is slated for completion in October. Northbound I-35E traffic will be moved back onto the bridge afterward.
- The southbound exit ramp to Loop 288 will be relocated north about 1,000 feet in September.
- Connectivity across the Post Oak Drive bridge – one lane in each direction – will be restored by late September.
- Northbound I-35E exit ramp 459, north of Swisher Road, will shift approximately 1,500 feet north in mid-September. A new northbound exit ramp will be constructed north of Swisher Road and open later this year.
- With the closure of the South Denton/Lake Dallas Drive bridge, work has begun on the new Oak Drive underpass. North- and southbound I-35E traffic will shift onto the west side of the new bridge over Oak Drive in September.
- Northbound I-35E mainlane traffic is scheduled to be relocated onto the new Lewisville Lake bridge the weekend of Sept. 16. The northbound Lake Dallas Drive exit will be temporarily relocated south of FM 407 once northbound mainlane traffic switches onto the bridge.

Upcoming Traffic Alerts

- Connectivity across the Post Oak Drive bridge is scheduled to be restored by late September. This will include one lane in each direction. Bridge completion is slated for next year.
- With the closure of the northbound frontage road at Janet Court, the frontage road north of that location has been converted into a two-way roadway to allow access to businesses. This configuration will be in place until the end of 2016.
- The South Denton/Lake Dallas Drive bridge has closed permanently and traffic can use the newly-opened Turbeville Road/Hundley Drive under I-35E. The southbound frontage

road between Oak Drive and Hickory Creek Road remains a two-way condition.

- Northbound I-35E mainlane traffic is scheduled to be relocated onto the new Lewisville Lake bridge the weekend of Sept. 16. The northbound Lake Dallas Drive exit will be temporarily relocated south of FM 407 once northbound mainlane traffic switches onto the bridge.
