

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION

MANDATORY LANGUAGE – TIER III

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

City of Corinth has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During {June 1, 2016 to September 30, 2016} we {did not complete all monitoring or testing} for {Lead & Copper} and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for {Lead & Copper}, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were {or will be} taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead & Copper	30 / 3 years	30	June 1, 2016 - Sept. 30, 2016	June 1, 2017 - Sept. 30, 2017

What is being done?

We are working to correct the problem. For more information, please contact {Gary Parker} at {940-498-3255} or {3300 Corinth Parkway, Corinth TX. 76208}.

We have established a new procedure for sampling and a secondary check before all samples/sample forms are sent to the lab. Due to errors in the Chain of Custody the City of Corinth will no longer use this laboratory for any sampling in the future. We will resample again June - 2017.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and business). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by {City of Corinth}. Public Water System Number :{ TX0610065}

Date Distributed: 12/7/16

Gary Parker
