Corinth Receives Recognition from Keep Texas Beautiful

CORINTH, TX – The City of Corinth was recently presented with a Certificate of Merit for ongoing excellence in carrying out the goals of Keep Texas Beautiful. With Community Waste Disposal as a contracted partner, residents and businesses recycled 1,611 tons of waste and diverted 24,316 pounds from the landfill during 2016. Initiatives such as the Household Hazardous Waste Program and CWD’s use of an all-natural gas fleet help promote a healthier environment and cleaner air for citizens.

"On behalf of Keep Corinth Beautiful, I was honored to accept the Certificate of Merit from Keep Texas Beautiful, presented by our waste hauler, CWD," expressed Councilman Lowell Johnson. "CWD has always worked closely with their community customers to improve the environment for all citizens to enjoy. Thank you, CWD, for your commitment to Corinth and thanks to our citizens for participating in the Household Hazardous Waste collection program. By utilizing this service, Corinth is able to divert hazardous chemicals and other waste from our precious drinking water supply! "
