Key Trends

Description: The sales tax in Corinth is 8.25% for goods and services sold within the City's boundaries. The tax is collected by businesses making the sale and is remitted to the State Comptroller of Public Accounts on a monthly, and in some cases, a quarterly basis. Of the 8.25%, the State retains 6.25% and distributes 1% to the City of Corinth, .25% to the Street Maintenance Sales Tax Fund, .25% to the Crime Control & Prevention District, and .50% to the Economic Development Corporation. The State distributes tax proceeds to local entities within forty days following the period for which the tax is collected by the businesses.

Analysis: As the second largest revenue source to the City's General Fund, sales and use taxes are essential to the delivery of services to the community. The General Fund sales tax revenue reflects a year-to-date decline in collections compared to the budgeted amounts.

Key Trends

Description: Wastewater charges are determined by wastewater rates and volume of wastewater treated. Residential wastewater treatment charges are determined by a winter average process that takes the lowest three winter months of water consumption to determine a baseline wastewater treatment demand.

Analysis: The 2009-2010 budget includes a rate increase on volumetric rates. The five year rate plan was adopted September 2006.
