### KEY TRENDS

#### Description:

Water charges are billed on a monthly basis in two billing cycles. Citizens are billed on the 1st and 15th of every month based on their meter rate as well as the volume of water used. This revenue is highly influenced by weather patterns. Hot, dry summer results in high water sales.

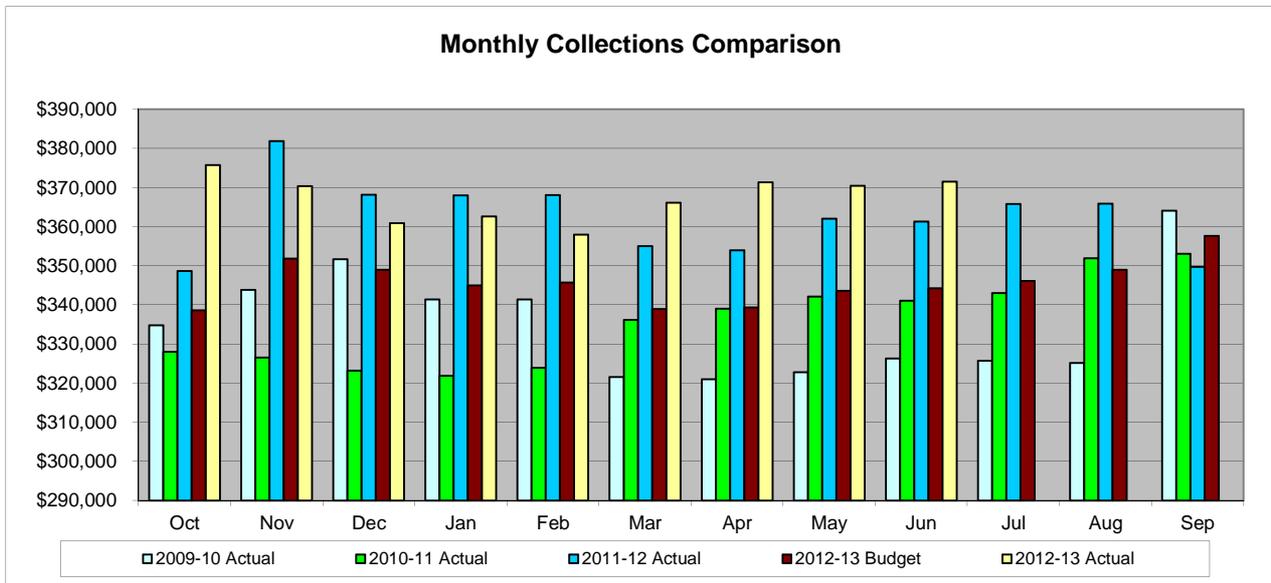

#### Analysis

The FY 2012-13 budget incorporates the second year of the adopted three year rate structure for water services as adopted by ordinance in April 2011.
