

About This Report

This report has been prepared by the City of Corinth's Finance Department. The Comprehensive Monthly Financial Report (CMFR) is intended to provide our audience (internal and external users) with timely and relevant information regarding the City's financial position.

This report includes information for the month ending June 2017 and is presented in four sections.

- 1. The <u>Financial Summary</u> section reports the performance of the major operating funds of the City. In addition, the report provides a comparison to budget for major revenue sources and expenditure items. Narrative disclosures are included to highlight any significant changes or fluctuations.
- 2. The <u>Revenue & Economic Analysis</u> section provides additional analysis regarding key revenue sources and economic indicators.
- 3. The <u>Executive Summary</u> section contains a high level fund balance summary for all City funds. The report provides year-to-date revenues, expenditures, and transfers.
- 4. The <u>Capital Improvement Program Report</u> contains a high level expenditure summary for all CIP projects. The report contains a fund summary and a project summary that provides revenues, current and historical expenditures, and available fund balance.

If you would like additional information, feel free to contact the Finance Department at (940) 498-3280.

| Description: | <u>Analysis</u> |
| The ad valorem (property tax) accounts for the largest source of revenue for the General Fund. Property tax is dependent on two variables: appraised value and the tax rate. The property tax rate is \$.58193 per \$100 valuation and is collected by the Denton County Tax Office. Denton County remits payment to the city on a monthly basis. | The city estimates 100% collection rate. The majority of taxes are collected in December and January. |

KEY TRENDS

Description:

Water charges are billed on a monthly basis in two billing cycles. Citizens are billed on the 1st and 15th of every month based on their meter rate, as well as, the volume of water used. This revenue is highly influenced by weather patterns. Hot, dry summer results in high water sales.

<u>Analysis</u>

The FY 2016-17 budget incorporates the third year of the adopted three year rate structure for water and wastewater services, as adopted by ordinance in May 2014.

KEY TRENDS Description:

Wastewater charges are determined by wastewater rates & volume of wastewater treated. Residential wastewater treatment charges are determined by a winter average process that takes the lowest three months of water consumption to determine a baseline wastewater treatment demand.
